Camera Probes

The X600 PLUS series is versatile, professional videoscope that you can rely on when inspecting locations that are difficult or unsafe to access. Unique compatible probes with waterproof (IP67) camera tips are available to give you flexibility for any type of inspection

4 WAY articulating

Model:39HD4W-F / 42HD4W-F

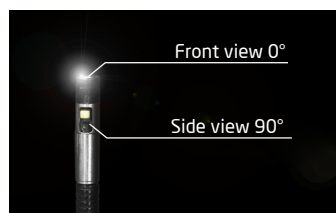

- Ergonomic articulation joystick with angle lock.
- 3.9 mm O.D. in 1.5 m/2 m length & 4.2mm O.D. in 3 m/5 m length options.
- Super lightweight portable design.
- IP67 camera head & rugged stainless steel out braid probe tube.

4.9 mm DUAL camera

Model:49HD-FS

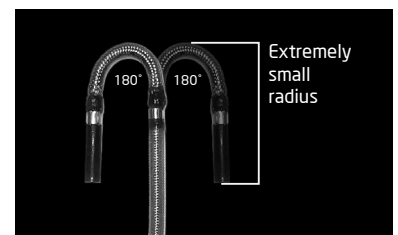

Switch between the camera 0° and 90° in one touch. Two cameras installed in one distal tip. See everything at first inspection. No need to search for the problem again. Efficiency means everything!

3.9 mm 2 WAY articulating

Model:39HD2W-F

A light touch produces an immediate response and precise movement. It is easier to steer the probe to find the inspection target. What the thumb does is what the eye sees.

ACCESSORIES

Aluminium carry case (with EVA foam inner)

DC Adaptor

USB cable

HDMI cable

Micro SD card

- Optional probe

An additional pizza box package for the '49HD-FS-1M/3M-SR' probe when it is in purchase list.

49HD-FS-1M/3M-SR
